PSSGT April 11-13
2025

**2025 IEEE International Conference on
Power System and Smart Grid Technologies**

2025 IEEE International Conference on Power System and Smart Grid Technologies (**PSSGT 2025**) is going to be held in **Chongqing, China** during **April 11-13, 2025**. The conference provides opportunities for researchers, engineers, academicians, and industrial professionals from around the world to present their research results and development activities in Power System and Smart Grid Technologies. The event is Co-sponsored by Chongqing University, China and IEEE China Council, hosted by Chongqing University, China and University of Tokyo, Japan, patrons from South China University of Technology, Beijing Jiaotong University, China, Yamagata University Japan, Tohoku University, Japan and State Key Laboratory of Power Transmission Equipment Technology.

PUBLICATION

Papers submitted to PSSGT 2025 will go through peer review performed by technical program committee members and international reviewers. Selected papers will be published into the PSSGT 2025 international conference proceedings by **IEEE**, which will be included in IEEE Xplore and submitted for **Ei Compendex** and **Scopus**.

SCI Special Issue

EEE Transactions on Industry Applications (E-ISSN: 1939-9367)

JCR: Q1 CiteScore:9.9 Impact Factor: 4.2

Index: SCI, Ei Compendex, Scopus, etc.

Authors are encouraged to submit your extended paper with at least 35% new added content and new title to the journal above for publication after the full paper is accepted into conference proceedings. And organizing committee will select excellent papers for recommendation to IEEE TIA.

SCI Special issue submission deadline: May 15, 2025

CALL FOR PAPERS

Topics of interest for submission include, but are not limited to:

Applications of smart grid to cyber and physical security systems/Energy management systems/ Communication and control in energy systems/Intelligent monitoring and outage management/Smart sensors and advanced metering infrastructure/Wide-area protection/Microgrids/Renew able energy/Energy storage and distributed energy resources.....

Please visit <https://www.pssgt.org/cfp.html> for more topics

CALL FOR SPECIAL SESSIONS

PSSGT 2025 program will highlight a series of Special Sessions to complement the regular program with new or emerging topics of particular interest to the smart grid and green energy. Welcome prospective organizers of special sessions to submit proposals to us.

Please submit the special proposal to pssgt_contact@126.com with note PSSGT2025-Special Session
